OUR PRODUCTS

We specialize in Cottons as well as Linen:

- LINEN

- i. Linen is no ordinary fabric. It is a perfectionist's material. A textile of rare longevity, unrivalled texture and exceptional comfort. Every yard of Linen fabric we deliver is so much more than a yard of mundane cloth: It's what winners wear.
- ii. Our product development team specializes in churning linen yarn across various blends and in different counts.
- iii. We do linens starting from 40X40 lea upto 100X100 Lea in whites and 40x40 lea and 60X60 lea in dyed and in all weaves like plains, mocklino, dobby's. We also do linen cottons across all combinations.

- COTTON

- i. Cotton is the oldest known natural fibre. It can be woven or knitted into various fabrics used on mundane basis. Because cotton is a natural product and because of the way it is designed and manufactured into clothing, it has many advantages, such as its ability to control moisture, insulate, provide comfort and it is also hypoallergenic and is a durable fabric.
- ii. At Infitex, we specialize in Giza cotton across all counts and finishes and in all weaves like plains, dobby's. We are experts in 2ply and make various qualities like 2X80s, 2X120s, 2X140s.

OVER THE COUNTER (OTC)

Infitex is well integrated and has a very efficient supply to distribution chain. We have two brands which serves the otc markets.
